

PATIENT'S COMPENSATION FUND

NOTICE APRIL 26, 2021

To: The facilities qualifying as a “hospital” or “outpatient health care facility” under HB75, and wishing to participate in the PCF in calendar year 2022

Re: Data collection as required by HB 75

The passage of NM House Bill 75 requires the OSI to obtain certain data from the hospitals and outpatient health care facilities wishing to participate in the PCF, for use in setting surcharges.

The applicable provision states: “A hospital or outpatient health care facility seeking participation in the fund during the remaining qualifying years shall provide, at a minimum, the hospital’s or outpatient health care facility’s direct and indirect cost information as reported to the federal centers for Medicare and Medicaid services for all self-insured malpractice claims, including claims and paid loss detail, and the claims and paid loss detail from any professional liability insurance carriers for each hospital or outpatient health care facility and each employed health care provider for the past eight years...”

Please provide such information as required by this HB75 provision by submitting it to the OSI in Excel format no later than June 15, 2021. Please email your submissions to Anna.Krylova@state.nm.us

HB75 makes this information available to the PCF Advisory Board for their review, but does not subject it to the Inspection of Public Records Act.

Questions about this data call may be directed to Anna Krylova at Anna.Krylova@state.nm.us
